### Have you considered a back support?

### The Corbac™ Adjustable Contour Back Support:

- lightweight
- breathable
- easy adjustment
- no hardware
- folds with wheelchair

E2611, General use wheelchair back cushion

### Ride CAM® Wedge Kit

Use Ride CAM Wedges **symmetrically** (shown above) to promote more upright posture and decrease ischial pressure or **asymmetrically** to help level a flexible pelvic obliquity.

Each kit contains two (2) Ride CAM wedges for 14" to 20" width cushions only.

The Ride Corbac works best when used with the Ride Forward™ or Ride Custom Cushion

▲ The Ride Forward™ Cushion

▲ The Ride Custom Cushion\*

\*Cut away view of spacer mesh integrated cushion cover.

The Ride Forward cushion is most appropriate for people with mild to moderate risk for skin breakdown.

For people at higher risk for skin breakdown, and/or more challenging postural control needs, the Ride Custom Cushion is the ultimate in postural support and skin care. It is specifically contoured to support a person's unique size, shape, posture and functional requirements.

#### Return Policy

Ride Corbac back support systems may be returned if they are in their original, sealed, Ride plastic bag. All returns are subject to a 10% restocking fee.

\* All prices are in U.S. dollars.
