Ride Designs Supplier Criteria & Instructions

Wheelchair Seating, Custom Products/Systems

What you need to know

Thank you for your interest in Ride Designs' products. Our custom products/systems require more training and education than our standard products/systems. The following requirements have been established to become a Ride Designs Custom Products/Systems Supplier.

Each Supplier who wishes to be a provider of Ride Designs Custom Products/Systems must:

- Have a Credit Application completed, submitted and approved.
- Add Aspen Seating/Ride Designs as a certificate holder on your liability policy to provide annual insurance verification.
- Purchase shape capture and scanning tools.
- Attend a Ride Custom Certification Course in Denver, Colorado.
- Each person employed by a supplier who desires to provide Ride Designs Custom Products/Systems must...
 - be a member in good standing of NRRTS (National Registry of Rehabilitation Technology Suppliers)
 - and/or be a CRTS (Certified Rehabilitation Technology Supplier)
 - and/or hold ATP (Assistive Technology Professional) credentials
 - or have an otherwise qualified Rehab Specialist available

Instructions

Please print this package and follow these simple instructions.

1. Supplier Application (Pages 2-3)

- a. This document provides us the information necessary to process your application, complete a credit check, and formally open your location.

2. Certificate of Insurance

- a. Contact your insurance agent and request Aspen Seating be added as a certificate holder on your liability policy.
- b. Address on certificate should read: Aspen Seating, 8100 SouthPark Way, C400, Littleton, Colorado, 80120, USA.
- c. The completed document can be sent to the attention of Amanda Segebart by mail or faxed to 303.781.1722.

3. Starter Kit Order Form (Page 4)

- a. You are required to have all tools necessary for shape capture and scanning.
- b. We require a PO for the complete starter kit with your registration for the Ride Custom Certification Course.
- c. You will not need to purchase any additional materials once you have made this initial investment with the occasional exception of low cost supplies that help you re-do shape captures in the field when necessary. Your initial starter kit includes ample tools to initially cover these needs.

4. Certification Course

- a. To become certified you must attend a Ride Custom Certification Course in Denver, Colorado.
- b. Current course dates can be found at <http://www.ridedesigns.com/ride-certification-course>.
- c. We strongly encourage you to bring your key referral sources.

Call us at our toll free number, 866.781.1633, if you require any assistance in completing the application and associated forms. Upon receipt of your completed application and associated forms, Ride Designs will initiate the approval process. Please be advised the approval process can take up to 10 business days.
