

## Light as a feather? Almost...

The Ride Custom 2 Cushion is a fraction of the weight of other cushions, weighing in at about 1.8 pounds for an average 16x16" size.

Each cushion is made in response to a specific individual's unique shape, in order to help decrease long-term skin risk and aid in sitting stability for improved functional performance.

## Mystery solved

You asked to see the Custom 2 Cushion with commode opening. Here you go (pun intended)! The commode option consists of two parts, a solid seat pan plus a Custom 2 Cushion, without cover. Specify and order it just like a custom cushion. Manufacturer suggested retail price is \$1590.00 (US).
