
Tokyo Paralympic Games begin today!

Get into the Paralympic spirit by watching five-time Paralympian and US gold medalist, [Matt Scott](#), share his wheelchair basketball story and quest for another gold medal in Tokyo...

How to watch the games...

Beginning today, until September 5, some of the world's best athletes will compete in all kinds of events -- and coverage is more extensive than it's ever been before. Today's opening ceremony will air on NBCSN from 7-10pm ET.

Watch resources:

- Official Paralympic Games [website](#), constantly being updated.
- A detailed schedule of which event is happening when, [here](#).
- How/where to watch, even if you don't have cable, [here](#).
- NBC's Paralympic coverage schedule is [here](#).

Compelling new research on the Java Cushion

We're not surprised that the Java Cushion continues to surpass expectations... this latest research from a prospective observational study, done in Italy, helps demonstrate the Java Cushion's ability to promote healing of stage I-II-III pressure injuries.

In a study of 15 subjects with SCI, all existing injuries closed and no new injuries occurred.

- The Java Cushion was beneficial in the treatment of ischial pressure injuries.
- "Maybe the (Java) cushion is therefore a valid alternative to the traditional communicating air-cell cushion."

[Read the abstract](#) in the Italian Journal of Prevention, Diagnostic and Therapeutic Medicine. (Don't worry, it's available in both english and italian!)

Quickly source Ride product brochures

In an effort to be more environmentally friendly, we are printing fewer brochures these days. There is now a dedicated page on the Ride website where you can quickly refer to or download brochures, [here](#). One advantage: you'll always be working with the most current information. Please bookmark that page for future reference -- or use this QR code for access.

Seating Technician job opening in Colorado

This position is available at Ride's on-site Aspen Seating Clinic in our Denver-area headquarters. We're looking for that special someone... to assist with direct client care and delivery of various Aspen Seating Clinic products to the end user and to interact directly with the client, and their interdisciplinary care team.
