

The softer side

Check out the new Custom Cushion option for those who need the skin protection and postural control of Ride Custom, and require or request softer, but highly accurate, seating. (You're forgiven if this image just made you lust after upcoming summer s'mores...)

The **Custom AccuSoft Cushion** comes with an inner incontinent resistant cover (see cutaway view) and a breathable spacer fabric outer cover. For ease of care, an outer wipeable incontinent resistant cover is also available.

Custom AccuSoft: Easy to modify in the field

The Custom AccuSoft's inner incontinent resistant cover can be zipped off and on, allowing easy access for a simple modification process. Check out this [video demonstration](#).

Take it from our attendees...

"Wonderful course with great education

Enroll in a Custom

to apply to any seating / wheelchair evaluation."

"The right amount of lecture and hands on to really absorb the material and put it to use in the clinic."

"Enjoyed participating in a fun atmosphere and getting to network with other clinicians from across the country and beyond."

"Best course by far that I've attended. Would recommend to everyone in the industry that does seating!"

Certification Course for clinicians and suppliers!

Enhance your skills in advanced seating strategies and gain hands-on experience with RideWorks and the Ride Custom products, including the new Custom AccuSoft Cushion. Learn why you really should make the trip to Colorado for the course [here!](#)

Remaining 2019 course dates: June 20 - 21; July 25 - 26; August 1 - 2; October 17 - 18; and October 24 - 25. More details on the [website](#).

Of note...

- A first person essay about how technology isn't always the answer... "Disabled people don't need so many fancy new gadgets. We just need more ramps." Read the whole article [here](#).
- "People with disabilities represent the largest minority on our planet," says Mindy Scheier, founder of [Runway of Dreams](#), a nonprofit devoted to making the fashion industry more friendly toward those with disabilities. "They should have access to mainstream fashion that excites, empowers and includes." More [here](#).
